

Dear Parents and Guardians,

For the 2013-14 school year, the Pitt County School District is pleased to offer parents the ability to manage their child's meal account over the Internet by using PayForIt.net, an online school management tool. PayForIt.net may be accessed via Pitt County Schools' website or via www.payforit.net.

This service benefits schools, parents and students. Cashiers will spend much less time taking deposits at the serving line, parents do not have to worry about the money not reaching the school and students never have to worry about not having money to pay for lunch.

With PayForIt.net, parents can log in at any time to make a deposit to their child's account, view their child's account balance, set up recurring deposits to their child's account, set up e-mail notifications when their child's account falls below a certain dollar amount, or request a report showing what the child has purchased on their account in the previous 30 days. Payments processed before 9:00 p.m. ET should post to the student's account the next morning, in most cases.

If you have multiple children enrolled in the District, you can add money to each child's account during the same transaction.

Transactions processed by PayForIt.net are safe and secure using Secure Socket Link, SSL, technology with Digicert. With this technology, schools can be assured that all student information, credit card information and all other student data will be highly encrypted and secure.

If you wish to use a Mac computer to process a transaction, you must use the Firefox internet browser: PayForIt.net is not currently compatible with Safari. You may download Firefox for free by visiting www.mozilla.com.

If you choose not to use PayForIt.net for credit card transactions, the District continues to accept cash and checks at each school cafeteria.

If you have any questions about this, please contact 830-4226 or 830-4281.

Sincerely yours,

Leann Seelman, Director

Child Nutrition Services
