HOW TO UPDATE CHROMEBOOKS

Chromebooks should be manually updated monthly to ensure the best access to online resources.

UPDATE CHROMEBOOKS MONTHLY

If the Chromebook is significantly "out of date", the update may take up to 10 minutes and may need to be updated twice. Once updated to a current Chrome version (as of February 2025: version 132), monthly updates should not take long.

- update automatically.

• After update, if chromebook is still below Chrome version 126, tell your teacher. **Teachers will add* your information to a spreadsheet, and the Media Center will contact you at their convenience.

• Also, remember to shut down your Chromebook every night. This will allow your Chromebook to

THANK YOU

Contact the Media Center if you have questions.
