**PCS Early College HS & PCC**

Made with PosterMyWall.com

Great News! Ms. Williams will be hosting virtual sessions this month to expose us to some of PCC's academic programs. Thank you to all who completed the survey to help us decide what would be presented. It is important for all of us to learn more about the academic programs because they are available to you free of charge. It is our goal for you to leave the early college with 60+ transfer credits and/or an associates in applied science degree to prepare you for the workforce. This month's focus will be on the Business Division and CIT (Construction & Industrial Technology).

Please see attached as virtual sessions will begin this week. If you are interested in participating, please RSVP to [cewilliams176@my.pittcc.edu](mailto:cewilliams176@my.pittcc.edu) and she will send you the link. We are so excited and we hope you will join us for these informational sessions.

Note: Sessions will last approximately 30 minutes. Students will have an opportunity to ask questions if they'd like. You are welcome to join by computer or by phone. **The link will be sent in the calendar invitation once you RSVP.** We will see you soon!
