

## Pitt County EC Pre-K Classrooms

Teacher implement the High Scope Curriculum which aligns with the North Carolina Foundations for Early Learning, and formal assessment Teaching Strategies Gold. Academic, communication, daily living skills, and social-emotional supports are integrated into classroom learning experiences.

Inclusive Pre-K classrooms offered by the Exceptional Children's Department of Pitt County Schools are designed to provide developmentally appropriate learning experiences for 3, 4, and 5 year old children.

We want students to enjoy school and develop a strong sense of self-worth. Classroom experiences will include many opportunities for active, hands-on learning.

One Child at a Time."**

## EC Pre-K

### Mission

Pitt County Schools Exceptional Children's Pre-K Program provides high-quality educational experiences to enhance school readiness for eligible children.

### Vision

Pitt County Schools Exceptional Children's Pre-K Program is committed to establishing a foundation of learning by inspiring, guiding and teaching children while serving their families and the community.

### Goal

Pitt County Schools Exceptional Children's Pre-K Program is committed to giving all children, with and without disabilities, the opportunity for an exceptional educational experience, preparing them for kindergarten and beyond. Children in the program learn and play together in a warm, supportive, language-enriched environment, where differences are accepted and celebrated.

## Our EC Pre-K Classrooms

Pitt County Schools Exceptional Children's Pre-K Department offers an inclusive preschool setting in several locations within Pitt County Schools.

To be enrolled into one of our inclusive program students may apply through our application process. Students eligible for the program have not been identified through the special education process, or not be in the process of being identified through the special education process. The cost is \$75 per week. Students must be 3, 4, or 5 years old to be attend.

All classrooms are led by certified teachers with training in preschool education. These classrooms are designed to provide developmentally appropriate learning experiences for 3, 4, and 5 year old children.
