

EVALUATION OF INSTRUCTIONAL PROGRAMS

It shall be the policy of the Pitt County Board of Education that all schools and classrooms teach the North Carolina Standard Course of Study. In order to ensure continuity across the district, it is the expectation of the Board of Education that curriculum guides, as applicable, be created and used by all Pitt County teachers. A systematic review should also be conducted on these guides for updating any curriculum changes.

It is also the expectation of the Board of Education that individual school level instructional programming receive systematic review through data monitoring and analysis to determine impact on student progress toward meeting state performance standards.
