

Pitt County Schools provides the Edulog Parent Portal smartphone app to help parents receive information about their child's school bus ride. It allows you to:

- (1) access designated bus stop times and locations for their child,
- (2) see real-time information about the location of their child's school bus, and
- (3) receive notifications when the bus is getting close to the bus stop.

Here is a video to tell you more about the Edulog Parent Portal smartphone app:
