

8th Grade High School Opportunities

HEALTH SCIENCE ACADEMY

The Health Sciences Academy is a high school curriculum program designed to expose and prepare students who wish to pursue healthcare-related careers upon graduation. The program is open to any student enrolled in one of the 6 traditional high schools or the Early College High Schools within Pitt County Schools. Upon graduation, many of our students will continue their education at one of our partner institutions, East Carolina University, or Pitt Community College, and pursue a degree in the healthcare field.

Student information session @ Chicod - November 8, 2023
APPLICATIONS ARE ONLINE AND ARE DUE JANUARY 12, 2024

EARLY COLLEGE HIGH SCHOOLS

INNOVATION EARLY COLLEGE HIGH SCHOOL @ EAST CAROLINA UNIVERSITY
PITT COUNTY SCHOOLS EARLY COLLEGE HIGH SCHOOL @ PITT COMMUNITY COLLEGE

Pitt County Schools have two options for you to consider: Innovation Early College High School (IECHS) and Pitt County Schools Early College High School (PCSECHS). Both programs offer a wide range of academic programs, small class sizes, academic rigor, and an overall quality education that is personalized to meet the needs of students.

To be considered for this unique learning opportunity, an application must be completed. Students may apply to one or both programs. If applying for both, you must indicate which program is your first choice. Each year IECHS admits 55 students and PCSECHS admits 75.

Innovation Early College High School Student Information Session @ Chicod - November 14, 2023
PCS Early College High School Student Information Session @ Chicod - November 15, 2023
Parent information sessions will be held on October 24th at ECU and October 26th at PCC.

APPLICATIONS ARE DUE TO MRS. JEFFRIES BY: FRIDAY JANUARY 12, 2024

NORTHEAST REGIONAL SCHOOL FOR BIOTECHNOLOGY AND AGRISCIENCE

NERSBA is located in Jamesville, NC and serves students from Martin, Pitt, Tyrrell and Washington counties. With a foundation of biotechnology and agriscience education, NERSBA will provide scholars with innovative curricula, instruction and project-based learning. Scholar leadership is developed through FFA and career development activities.

Student information session @ Chicod - November 20, 2023
APPLICATIONS ARE DUE TO MRS. JEFFRIES BY: DECEMBER 15, 2024
