## READY

Effective with the 2012-13 school year, the North Carolina Department of Public Instruction changed the accountability model from the ABCs of Public Education to a new indicator-based reporting model called the READY Accountability Model. The State Board of Education identified indicators that would help educators, parents and the public understand the status and progress that schools are making toward ensuring that all students are college- and/or career-ready.

These new indicators include new state-administered North Carolina End-of-Grade (EOG) and North Carolina End-of-Course (EOC) assessments, college- and career-readiness examinations (The ACT and ACT WorkKeys), math course rigor, and high school graduation rates. In addition to these indicators, other valuable information is reported including school growth as measured by EVAAS, Annual Measureable Objectives, and participation in a graduation project.

To access the READY Accountability Model reporting please go to <http://www.ncpublicschools.org/accountability/reporting/>.
