
TITLE I TIDBITS

All ESL Teachers have been given a log-in for Systran. This program can translate entire documents into 55 different languages. Please use this resource to ensure that any parent invitations go home in the child's native language!

If you are planning to use Title I Funds to order decodables or submit a "wish list" for TCM, these are due to me by Friday, February 23rd! There will not be an extension to this deadline.

SAVE THE DATE: Our district Title I event will be held on Tuesday, April 16th from 6:00 - 7:30 pm at Creekside Elementary. Please go ahead and share this information with families. A flyer for you to post will be sent by the end of February.

Please remember that your SIT must review your Title I Plan, current expenditures, remaining balance, and plans for remaining funds at this month's SIT meeting. Please email me a copy of your SIT Agenda/minutes that outline this meeting as well as a copy of the sign-in sheet from the meeting. Don't forget that a parent should be in attendance!

Thank you to Chicod for already sending in this documentation!

If you have not emailed for a website check (if your website was not at least a NI) you must get this taken care of BEFORE I will approve any PO's. The deadline for encumbering funds is March 22nd at 5:00 pm...NO EXCEPTIONS!!

Please do NOT wait until the last minute to submit requests!

If you are contracting your AP, counselor, or IC to work during the summer, those contracts need to be submitted by March 22nd!!!

A PO Request Form MUST accompany any PO's, leave forms, etc. If you are paying for something with Federal Funds, you must complete this sheet!

Don't forget that if you are having a parent event after March 22nd and want to use Title I funds for food, you must submit the PO Request form with an estimated cost by March 22nd if you want Title I to pay for it!

Please plan to order any non-consumable items for Parent Events prior to the March 22nd deadline!

If you are planning to use Title I Funds to send a team to the PLC conference or any other conference over the summer, be sure you are able to attend with your team! This will enable you to have a daily debrief with your team and ensure that they are processing the information and will be able to bring it back and implement.
