

The board recognizes the importance of setting rigorous graduation requirements to help ensure that students are receiving an education that will prepare them to be career and college ready and productive members of society.

In order to graduate from high school, students must meet the following requirements:

1. successful completion of all course unit requirements mandated by the State Board of Education (see Section A);
2. successful completion of cardiopulmonary resuscitation instruction; and
3. successful completion of all other requirements mandated by the board, as provided in this policy.

The principal shall ensure that students and parents are aware of all graduation requirements. Guidance program staff shall assist students in selecting their high school courses to ensure that students are taking all of the required units and selecting electives consistent with their post-graduation plans. For students who have transferred to the school system during high school or who, for other reasons, have completed course work outside of the school system, the principal shall determine what course work will be applied as credit toward graduation. The principal shall consider the requirements of the Interstate Compact on Educational Opportunity for Military Children (G.S. 115C-407.5) and the requirements of subsection C.3 of this policy in determining the graduation requirements for children of military families.

A. COURSE UNITS REQUIRED

Beginning with students entering the ninth grade for the first time in the 2009-2010 school year, all students must fulfill the course unit requirements of the Future-Ready Core Course of Study, unless they are approved for the Future-Ready Occupational Course of Study. Course unit requirements for the Future-Ready Core Course of Study differ depending on the year a student enters ninth grade for the first time, as set out in the tables below. In accordance with policy 3101, Dual Enrollment, and State Board of Education requirements, students may earn high school credit for college courses completed. In addition, students may earn credit for certain high school courses in the Future-Ready Core Course of Study completed while in middle school, as authorized by the State Board of Education. Students also have the opportunity to meet course unit requirements without completing the regular period of classroom instruction by demonstrating mastery of the course material in accordance with policy 3420, Student Promotion and Accountability, and State Board of Education requirements.

All awards of high school course credit must be consistent with State Board of Education requirements. Any inconsistency between board policy and State Board graduation requirements will be resolved by following the State Board requirements. While the

board endeavors to keep its policy up to date with current State Board of Education graduation requirements, students should verify current requirements with their guidance counselors when planning course schedules or making other decisions based on graduation requirements.

1. Future-Ready Core Course of Study Credits Required for Students Entering Ninth Grade for the First Time in 2012-2013 and Thereafter

Courses Required*	State Requirements	Local Requirements
English	4 sequential (English I, II, III, and IV)	0
Mathematics	4 (Math I, II, and III and a fourth math course aligned with the student's post-high school plans.)** (A principal may exempt a student from this math sequence. Exempt students will be required to pass Math I and II and two other application-based math courses.)***	0
Science	3 (a physical science course, Biology, and earth/environmental science)	0
Social Studies	4 (including American History: Founding Principles, Civics and Economics; American History Parts I and II; and World History)****	0
Health/P.E.	1	0
Art Education	0	1
Concentration Electives	4 (electives must be from one of the following: Career and Technical Education, J.R.O.T.C., Arts Education, or any other subject area or cross-disciplinary course. The state recommends a four-course concentration.)	The board requires a four-course concentration which is recommended by the state.
Other Electives	2 (electives must be any combination of Career and Technical Education, Arts Education, or World Language)*****	5
Total Credits	22	28

* Certain International Baccalaureate (IB) and Advanced Placement (AP) courses will satisfy specific graduation requirements. See SBE policy GCS-L-008.

** Students entering ninth grade for the first time prior to the 2014-15 school year have alternate math course options. See SBE policy GCS-N-004.

*** Students seeking to complete minimum course requirements for UNC universities must complete four mathematics courses, including a fourth math course with Math III as a prerequisite.

**** American History: Founding Principles, Civics and Economics must follow the North Carolina Standard Course of Study (NCSCOS) in its entirety and may not be satisfied by an AP/IB course, dual enrollment, or any other course that does not fully address the NCSCOS.

***** Students seeking to complete minimum course requirements for UNC universities must complete two years of a second language.

2. Future-Ready Core Course of Study Credits Required for Students Entering Ninth Grade for the First Time in 2009-2010, 2010-2011, or 2011-2012

Courses Required	State Requirements	Local Requirements
English	4 sequential (English I, II, III, and IV)	0
Mathematics	4 (either Algebra I, Geometry, Algebra II, and a fourth math course aligned with the student's post-high school plans OR Integrated Math I, II, and III and a fourth math course aligned with the student's post-high school plans) (A principal may exempt a student from this math sequence. Exempt students will be required to pass either (1) Algebra I and either Algebra II or Geometry or (2) Integrated Math I and II. Exempt students also must pass either Alternative Math I and II or two other application-based math courses.)*	0
Science	3 (a physical science course, Biology, and earth/environmental science)	0
Social Studies	3 (Civics & Economics, U.S. History, and World History)	1
Health/P.E.	1	0
Art Education	0	1
Concentration Electives	4 (electives must be from one of the following: Career and Technical Education, J.R.O.T.C., Arts Education, or any other subject area or cross-disciplinary course. The state recommends a four-course concentration.)	The board requires a four-course concentration which is recommended by the state.
Other Electives	2 (electives must be any combination of Career and Technical Education, Arts Education, or World Language)**	5
Total Credits	21	28

* Students seeking to complete minimum course requirements for UNC universities must complete four mathematics courses, including a fourth math course with Algebra II or Integrated Math III as a prerequisite.

** Students seeking to complete minimum application requirements for UNC universities must complete two years of a second language.

3. Future-Ready Occupational Course of Study Credits Required (only available to certain students with disabilities who have an IEP)

Courses Required	State Requirements	Local Requirements
English	4 (including English I, II, III, and IV)	0
Mathematics	3 (including Introduction to Math , Math I, and Financial Management)	0
Science	2 (including Applied Science and Biology)	0
Social Studies	2 (including American History I and II)	0
Health/P.E.	1	0
Career/Technical	4 (Vocational Education electives)	0
Occupational Preparation	6 (including Occupational Preparation I, II, III, and IV, which require 150 hours of school-based training, 225 hours of community-based training, and 225 hours of paid employment*)	In addition to the hours required by the state, the board requires an additional 150 hours of school-based training (for 300 total school-based training hours), 15 hours of community-based training (for a total of 240 community-based training hours), and 135 hours of paid employment (for a total of 360 hours of paid employment).
Electives	0	6
Other Requirements	<ul style="list-style-type: none"> • Completion of IEP objectives • Career Portfolio 	none
Total Credits	22	28

* Paid employment is the expectation; however, when paid employment is not available, 225 hours of unpaid vocational training, unpaid internship experience, paid employment at community rehabilitation facilities, and volunteer and/or community service hours may substitute for 225 hours of paid employment.

B. HIGH SCHOOL FINAL EXAMS AND END-OF-COURSE TESTING

High school students must take all end-of-course (EOC) tests, NC Final Exams, and Career and Technical Education State Assessments (CTE Post-Assessments) required by the State Board of Education and pursuant to policy 3410, Testing and Assessment Program.

C. SPECIAL CIRCUMSTANCES

The board adopts the following policies with regard to graduation.

1. Honor Graduates

Honor graduates may be designated by principals on the basis of criteria

established by the superintendent. Recognition of honor graduates may be included in graduation programs.

2. Students with Disabilities

Graduation requirements must be applied to students with disabilities to the extent required by state and federal law and State Board policy.

3. Children of Military Families

In order to facilitate the on-time graduation of children of military families, the board adopts the following policy provisions for students to whom the Interstate Compact on Educational Opportunity for Military Children applies.

a. Waiver Requirements

Specific course work required for graduation will be waived if similar course work has been satisfactorily completed in another school system. If a waiver is not granted, school administrators shall provide the student with reasonable justification for the denial. If a waiver is not granted to a student who would qualify to graduate from the sending school, the superintendent or designee shall provide the student with an alternative means of acquiring the required course work so that the student may graduate on time.

b. Testing Requirements for Graduation

The superintendent shall accept the following in lieu of any local testing requirements for graduation: (1) the end-of-course exams required for graduation from the sending state; (2) national norm-referenced achievement tests; or (3) alternative testing. If these alternatives are not feasible for a student who has transferred in his or her senior year, subsection c below will apply.

c. Transfers During Senior Year

If a child of a military family who has transferred at the beginning of or during his or her senior year is ineligible to graduate from the school system after all of the alternatives listed above have been considered and the student meets the graduation requirements at his or her sending school, then school officials from the school system shall collaborate with the sending school system to ensure that the student will receive a diploma from the sending board of education.

4. Early Graduation

Graduation prior to that of one's class may be permitted on the basis of criteria approved by the board upon recommendation by the superintendent.

5. Graduation Certificates

Graduation certificates will be awarded to eligible students in accordance with the standards set forth in State Board policy.

6. Diploma Endorsements

Students have the opportunity to earn one or more of the following diploma endorsements identifying a particular area of focused study: (1) Career Endorsement, (2) College Endorsement (two options), (3) North Carolina Academic Scholars Endorsement, and/or (4) a Global Languages Endorsement. No endorsement is required to receive a diploma.

7. Alternative Graduation Requirements

While the board intends for all students to enter high school prepared to graduate with the 28 course requirements completed in four years or less, alternative graduation requirements are available for students age 19 and older. A student who turns 19 years of age before the end of the semester will be eligible for graduation upon completion of all state graduation requirements even if the student has not completed the additional local requirements. In addition, a student who has completed the state graduation requirements and who will turn 19 prior to October 15 of the next school year may request a waiver from the superintendent or designee to graduate.

Students and parents considering the alternative graduation requirements must receive documented advisement regarding options for graduation and the benefits of those options based on the individual student's needs, goals, and plans. Students graduating under the alternative graduation requirements will be permitted to participate in graduation exercises and receive a diploma.

D. GRADUATION EXERCISES

The graduation ceremony is an opportunity to celebrate the educational accomplishments of students. It is a dignified event that requires all participants and attendees to conduct themselves in a polite and courteous fashion.

Each high school principal will file graduation exercise plans with the superintendent or designee for approval. No mascots are to be chosen for graduation. Baccalaureate services will not be planned or conducted by school personnel.

To be eligible for active participation in a school's graduation exercises, a student must have enrolled in and attended that school during the school year and all requirements for graduation must be complete by the time of graduation. Exceptions to the enrollment and attendance requirements include: foreign exchange students; students studying abroad; and School of Science and Mathematics graduates.

A summer graduation exercise may be held for those students who complete graduation requirements during summer school. Students shall receive diplomas from their respective schools.
